

Earth Science!

3rd Grade Science

September-October

Hello! My name is Miss. Mujica.
Welcome to the first semester! This
past marking period we discussed
Water and Energy and how it affects
our day to day life.

This marking period we be discussing
rocks and soil.

We will be discussing the scientific
method. We will be discussing the
different types of rocks; igneous,
sedimentary, metamorphic rocks and
minerals. We will also learn about how
we use minerals and different soil
layers.

We will learn about different types of
soil and the Earth's layers. We will also
discuss different kinds of landforms.

Elementary Principal: Soraya Gonzalez
Science Coordinator: Yina Soto
